Received and published: 23 November 2020

Dear Editor,

Thank you for taking the time to review our manuscript and pointing out this issue. We have made the following changes to our manuscript:

- 1) including references to the DOI for the project source code, created through Zenodo.
- 2) including, as supplements, the scripts and data used to create the plots included in the paper.

These changes will be included in the submission of the revised manuscript. The
